A few quick, but harmless, rules. Sorry, we don't accept personal checks. Tabs left overnight due to mimosa indulgence will have an added 18% gratuity. Though we often serve S'mores pancakes, we discourage camping while customers patiently wait for open tables. And since we search the seas, hills and plains to bring you the best, we ask you to refrain from bringing in any food or drinks.

Thanks again for choosing Snooze for your dining experience!

Snooze was born April 2<sup>nd</sup>, 2006, seeking to evolve the AM dining experience through culinary innovation, an eclectic and energetic setting, and comfortable, entertaining and efficient service.

Our goal is to bring you the best breakfast and lunch experience around. Produce is grown locally; egg layers & beef builders eat all natural feed; every recipe is from scratch and made in our kitchen.

Snooze's exclusive organic coffee is picked, roasted and flown in directly from Guatemala every week. We compost, recycle, use recyclable materials, are carbon neutral, dedicate a % of each sale to our community, embrace our roots in the transitional Ballpark Neighborhood, take tremendous pride in the energy and excellence of our family members serving you, and seek to continually learn and improve.

We encourage you to customize your meals, make up a new pancake, and/or dance to the music.

This is your breakfast and lunch experience – how can we serve you?
